# Health Insurance Program

## A HEALTHY OUTLOOK FOR NYSRA MEMBERS

New York State Restaurant Association has a cafeteria of plans to offer which may include prescription coverage, students to 23 years of age, etc.

We offer various plans, including an HMO plan or PPO plan, depending on what is available in your area and what type of coverage you may choose.

We have a program anywhere in New York State, and, in some areas, we have more than one type of program available.
